Arman's strongest sections are Reading and Writing, with an average score of 6.1. The Listening and Speaking sections are slightly weaker, with an average score of 6.0.

Compared to the average IELTS score of 6.3, Arman's total score has shown a positive trend, surpassing the average in the last two tests (ATP4 and ATP5).

<h2>Recommendations</h2>

Arman should continue practicing to maintain the high scores. Despite the improvement, there's still room for improvement in the Listening and Speaking sections. Focused practice on these sections could help further increase the scores.

Arman's progress is commendable, and if this trend continues, they are likely to perform well in the actual IELTS test.
